

Donations

The Way Outfitters operates with a few paid staff, and lots of volunteers. Expenses are kept to a minimum with many activity providers donating some or all of their costs to host our guests. However travel, lodging, food, office expense and some staff averages out to about \$1,000 day for each guest and two parents/guardians. To accommodate 100-Guests for a three day outdoor adventure means we have to raise \$100,000.

We need lots of financial help from friends, businesses and foundations. We also accept non-cash donations of items that can be used in the program or sold for cash to provide operating income.

Please send the following information along with your gift to The Way Outfitters. Gifts can be mailed or use this site for safe, secure Pay-Pal gifts with any credit card.
